### Cochno Trial

A crisp and sunny day greeted the competitors at the Cochno Trial at Clydebank on 19<sup>th</sup> February, the first round of the 2006 club championship. The course, set by Steve Corry and his team, consisted of 10 sections tackled 3 times. The slippery nature and the large rocks contributed to some higher than normal scores.

Stuart Corry took a very closely fought win in the Adult A class from Jim Tennant. With both riders tied on 41 marks lost, the verdict went to Stuart with 16 cleans to Jim's 12. Third was Scott Alexander on 50.

The Adult B class was won by Gordon Petrie with a loss of 39 from Graham Law on 59 and Robert Kinghorn on 81.

## Just a reminder for all members about the Observers Rule that the club operates

### Rule 9

All adult riding and Youth A members MUST observe at one Club Trial within the calendar year. (Rule 9). Failure to do so will result in membership being refused for the following year until the person has observed at a trial. Members that did not specify the event they would observe at on their membership application form will be notified when it is their turn to observe, the onus is on you to turn up, on the allocated date, unless you contact Gordon Petrie, Tel: 07885 680357. Members missing their turn of observing will remain on the list.

The system is as follows:

- Members that did not specify the event they would observe at on their membership application form will be notified in advance of the allocated trial for which they are to observe.
- If the member wishes to ride the trial, he or she must supply a substitute to take their place and notify Gordon Petrie of the change, by the Thursday prior to the trial.
- Back Markers will be sent out at a pre determined time to allow all observers and Officials adequate time for lifting of flags and the clearing of the ground. This rule applies to all members. Please help us improve the running of our events.
